

Connection Boxes

TELECOM OUTSIDE PLANT

These connection boxes comprise a moulded base and door. The door is right-hinged and has a lock which is operated by a special key.

They are suitable for both QDF-E and QDF-I magazines, either alone or in combination.

Four sizes are available to accommodate 200, 400 and 600 pairs. They are supplied with 50 mm high mounting brackets already installed. Wire guides are also provided.

In the base of the boxes are four cable entry/exit ports, and aeration holes to minimise internal condensation.

A termination plate is also situated at the box base and features provision for earthing, two talk pairs and a test point.

Holes are provided on the rear surface of the box for wall mounting.
